

Barossa Grand Retreats exclusive offer

Gawler Park Estate, the newest offering from Barossa Grand Retreats, invites guests to experience the Barossa not as tourists, but as privileged insiders — immersed in rolling vineyard landscapes, historic farmland and uninterrupted valley views.

Set on 100 acres of orchards and pastoral land just minutes from the region's most celebrated cellar doors, Gawler Park Estate delivers the rare combination of seclusion and proximity. World-class wineries, acclaimed restaurants and boutique producers are only a short drive away, yet from the moment you arrive, the estate feels entirely your own.

Designed for couples, families and small groups of up to six guests, the property features three elegant luxury suites, expansive indoor–outdoor living spaces and refined architectural detail throughout. Floor-to-ceiling windows frame golden sunsets over the valley, while a beautifully appointed kitchen with premium European appliances invites long lunches and evening gatherings. A private wine lounge offers the perfect setting to uncork the region's finest drops and linger into the evening.

Outdoors, the estate reveals its true magic. A heated pool and sauna overlook the landscape, creating a wellness retreat atmosphere in complete privacy. Children can explore open lawns and orchards, while adults unwind with a glass of Barossa shiraz as kangaroos graze in the distance. It is peaceful, spacious and effortlessly sophisticated — country living reimagined.

Beyond the estate gates, guests can curate their stay with bespoke experiences. Private wine tastings, guided vineyard tours and chef-hosted dinners can all be arranged. For those seeking rejuvenation, in-house massages and wellness sessions transform the estate into a private sanctuary. For something unforgettable, helicopter flights over the Barossa reveal the patchwork beauty of vineyards and rolling hills from above.

Whether celebrating a milestone birthday, planning a gourmet long weekend with friends, or seeking a refined multi-generational escape, Gawler Park Estate offers the perfect backdrop.

Barossa Grand Retreats

Signature Luxury Travel & Style Exclusive Offer

Guests booking Gawler Park Estate will receive a luxurious breakfast hamper and a premium bottle of Barossa wine on arrival. Begin your stay with a thoughtfully curated selection of local produce — artisanal breads, seasonal fruits, gourmet provisions and regional specialties — complemented by a handpicked bottle of Barossa wine waiting for you at check-in. It's the perfect way to settle in, unwind and toast to your time in the valley.
